ABOUT THE UNIVERSITY

Aligarh Muslim University (AMU), established in 1920 at Aligarh, Uttar Pradesh, is an Institution of National Importance under the Seventh Schedule of Article 246 of the Constitution of India. The University is accredited with an 'A+' Grade by NAAC with a CGPA of 3.35. AMU is consistently ranked among India's leading universities, securing 3rd position in the MDRA India Today University Rankings 2025, 8th among Indian universities and 16th overall in the NIRF India Rankings 2024, while also featuring in the 601–800 band of the Times Higher Education World University Rankings 2025 and the 1001–1200 band of the QS World University Rankings 2025. Additionally, U.S. News & World Report 2025 ranked AMU as the 5th Best Indian University, reflecting its excellence in teaching, research and academic reputation.

ABOUT THE POLYTECHNIC

The University Polytechnic, AMU, Aligarh is a premier institution established in 1937. It offers three-year Diploma in Engineering programmes in almost all major disciplines. In addition to its academic programmes, the Polytechnic conducts various training programmes under different government schemes. As a constituent institution of a Central University, it is governed by the Ministry of Education (formerly MHRD) and the UGC. The Polytechnic has well-equipped laboratories and modern infrastructure to support teaching, training and research. The institution has around 80 faculty members, many of whom hold Ph.D degrees from IITs, NITs, and other reputed Indian and international universities. The Mechanical Engineering Section of Polytechnic has also organized several international conferences, including ICRAMDM-2022 and ICRAMDM-2023.

In collaboration with
The Institution of Engineers (India)
Aligarh Local Centre (ALC), Aligarh

ORGANIZED BY

Mechanical Engineering Section
University Polytechnic
Aligarh Muslim University
Aligarh, India, 202002

ABOUT THE CONFERENCE

The International Conference on Innovations in Sustainable Technologies (ICIST-2026) aims to provide a dynamic platform for academicians, researchers, industry professionals, and students to exchange knowledge, share innovative ideas, and present cutting-edge research in the field of sustainable technologies. The conference will showcase recent advancements in manufacturing, energy systems, smart technologies, advanced materials, environmental sustainability and footwear technology.

ICIST-2026 fosters interdisciplinary collaboration to address global challenges through innovative, sustainable, and eco-friendly engineering solutions. The conference will facilitate knowledge exchange, strengthen industry-academia partnerships and encourage meaningful discussions on emerging technological trends, contributing to sustainable industrial growth, environmental stewardship and societal development. It will also provide opportunities for networking, collaborative research, and the dissemination of best practices that support the vision of a sustainable and technologically advanced future.

CALL FOR PAPERS

Original research article from faculties, research scholars and scientists from academics, R&D organizations on the above mentioned themes and related topics are invited. All accepted and presented papers of the conference will be published in conference proceedings with ISBN number/SCOPUS/UGC CARE Indexed Journals as per quality norms and standard of the Journal. The editorial and publishing processes are supported by Trans Tech Publications Ltd (www.scientific.net)

IMPORTANT DATES

10th Aug, 2026	Submission of Full Paper Starts
15th Sept, 2026	Submission of Full Paper Ends
30th Aug, 2026	Early Bird Registration Starts
15th Sept, 2026	Early Bird Registration Ends
20th Sept, 2026	Late Registration

CONFERENCE TOPICS

Sustainable Manufacturing
Lean Production & Green Industrial Engineering
Advanced Machining
Additive & Smart Manufacturing
Industrial Automation & Industry 4.0/5.0
Mechatronics & Robotics
Renewable Energy
Thermal Engineering & Fluid Mechanics
Energy Management
Engineering Materials
Tribology
Surface Engineering & Sustainable Product Design
Environmental Engineering
Climate Technologies & Green Infrastructure
Industrial Electronics & Smart Energy Technologies
Computational Engineering
Artificial Intelligence & Machine Learning
Mathematical Modelling & Simulation
Chemical Process & Biomedical Engineering Technologies
Agricultural & Food Process Engineering
Textile, Footwear & Leather Technology
Home Science & Sustainable Consumer Products
Industrial Safety & Quality Engineering
Reliability & Sustainable Construction Technologies
Entrepreneurship & Technology Management

The conference also welcomes interdisciplinary research that integrates sustainable technologies, digital transformation to address contemporary engineering and societal challenges.

REGISTRATION & PUBLICATION

At least one author of each accepted paper must register for the conference to ensure inclusion of the paper in the conference proceedings.

Categories	Fee Structure
Students/Research Scholars	1500 INR
Faculty/Industry Personal	2500 INR
Foreign author	50 USD
Late Registration charge	500 INR
Publications in Scientific.net Journals, if accepted.	3500 INR

NOTE:

Registration Fee includes:

Proceeding & certificate of participation with conference kit
